

GRAVURE CYLINDER SOCIETY

SUBJECT: Nominees for Class of 202

Gravure Cylinder Society members are men and women chosen by our industry to be honored for their contributions to the gravure processes measured in accomplishments and years of service.

Some members are actively involved in activities throughout the year that promote and support gravure. All Gravure Cylinder Society members are recognized by the distinctive pin they wear.

Each year the Society solicits your help by asking you to nominate worthy candidates for membership. The by-laws specify that the individuals be:

Membership is open to any individual, regardless of his or her present or past affiliation with the Gravure Association of the Americas. All nominations must be submitted in writing including biographical information and qualifications – accomplishments and years of service – for election. A nomination form is enclosed for your convenience. Additional supporting data is welcome.
